Background

Architects Association of Tanzania (AAT) is a body of Architects established in 1982 and boasting a total membership of 566 countrywide. AAT is a largest family of Architects in Tanzania giving support in lines of Continuing Professional Development (CPD), networking and access to International Architects Organizations.

It works with Government of United Republic of Tanzania to improve the built environment and its sustainability by providing advisory support through various workshops and interventions in various forums.

The Association has been providing technical support to Architects and Quality surveyors Registration Board (AQRB) for several years. This ranges from resources persons in final examination review classes, to resource persons in various workshops and on annual basis awards a best final year student in Architecture in Tanzania.

AAT is affiliated with several International Organizations include International Union of Architects (UIA), Africa Union of Architects (AUA), Common Wealth Association of Architects (CAA) and East Africa Institute of Architects (EAIA).

Mission

To promote excellence in Architecture, Interior design, Landscape Architecture and Naval Architecture to deliver service to Public and to ensure that the society accrues most benefits from services delivered.

Vision

To become the largest professional group in the country safeguarding Architects, Interior Designers, Landscape Architects and Naval Architects interest at the best level.

The main objective among others is to unite the Architects Interior Designers, Landscape Architects and Naval Architects of the country on a democratic basis, represent Architects and defend the rights and status of Architects in Tanzania.

CPD Seminars happen twice every year and it brings together hundreds of Architects, Interior Designers, Landscape Architects, Naval Architects, Architectural Technicians Architectural Assistants, Graduates and Students of Architecture and Construction Industry Stakeholders from all over the country. It focus on a topic of current concern to the profession, highlight the issues with which the Architects of Tanzania are faced at a given point in time, and bring to light the solutions they can provide while facilitating contact and exchange among Professionals from different parts of the world and different backgrounds.

Next CPD Seminar will be taking place at Blue Pearl Hotel Dar es Salaam on 14th– 15th July 2016.
